

Lower Coal Creek Flood Hazard Reduction Project—2017 Summer Construction Debrief Meeting Preferred Communication Methods Map

Draft v. 11-15-2017

During the City of Bellevue's 11/15/2017 neighborhood meeting in Newport Shores, participants shared how they wanted the City of Bellevue to communicate with them regarding the construction of new bridges at Newport Key and Cascade Key. Participants indicated their preferred methods of communication in relation to where they lived. Their preferred communication methods are listed below in no particular order.
